

# Affordable price, effective treatment

Renz Center helps people return to happy, healthy lifestyles

Renz Center is a nonprofit agency dedicated to the prevention, intervention and treatment of addictive behaviors and disorders, including factors often associated with addiction. Their mission is to provide early intervention, outpatient and intensive outpatient treatment programs for substance abuse and problem gambling. Prevention education for alcohol/drugs and HIV/AIDS is also offered. Renz Center is a full-service agency with comprehensive services that include:

## Clinical Services

- Outpatient and intensive outpatient adolescent services
- Family programs, including children of alcoholics
- Outpatient and intensive outpatient adult services
- Passage program for women, including free childcare
- DUI services
- Problem and compulsive gambling programs

## Prevention Services

- Youth alcohol, drug and tobacco prevention education programs—during school, after-school and summer programming
- HIV Prevention Education Services—education, outreach, risk reduction counseling, free HIV testing.

Renz Center strives to provide the most effective preventative and clinical care in a safe and nurturing environment through a teamwork approach. The center offers such unique programs as the Passage Program, where chemically dependent women can receive treatment that is unique to their individual history and set of needs.

Renz Center's Passage Program is proud to be the oldest treatment program for women in Illinois, offering a caring, nurturing environment to help women begin to rebuild

their lives. Free evening childcare is also available for clients while they attend meetings. Renz Center was also recently awarded funding to initiate and administer the Community Homeless Integration Project (CHIP). CHIP provides counseling and case management services to those who are homeless (or at risk of being homeless), and who suffer from a substance abuse addiction and/or mental illness.

With offices in Elgin, St. Charles, and Streamwood, Renz strives to assist low-income individuals, and make treatment affordable and accessible. By utilizing insurance, Medicaid and/or a sliding fee scale, no one is denied service because of an inability to pay. Treatment is confidential, affordable and it works!
